DR.K. MOHAMMED BASHEER

Vice Chancellor
University of Calicut

It gives me immense pleasure to know that Computer Students Association of CCSIT, Calicut University Campus in association with the Department of Computer Science is conducting three days National level IT Fest INSIGHT 2K18 during 15th-17th March 2018. I expect that the Fest may provide a platform for students and staff to share information, spread the latest technical knowledge and culture night ways that will equip all of us to stay competent in our respective fields of study and research. I congratulate and thank all the students and staff coordinators who have made untiring efforts to bring out this fest. The horizons of professional activities are expanding and hence, today there is much more scope for the younger generation to uncup their talents and touch greater heights of achievements. I hope that this will help recruiters to identify the talents of these future techies.

I appreciate the hard work and dedication put forward in conducting this fest and hope it will meet the changing and diverse needs of our stakeholders.

It is a nice platform for both the faculty and the students to exhibit their talents. The outside world will come to know about the caliber of the students and the faculty through this Fest.

I wish the fest grand success.

DR.K.MOHAMMED BASHEER
Vice Chancellor

Prof.(Dr.) P MOHAN

Pro-Vice-Chancellor
University of Calicut

I am very glad to know that the CCSIT and DCS students are conducting 3- Day National Level IT Fest INSIGHT 2K18 from March 15 to 17, 2018. Insight is a flagship programme of the Department and the 17th edition of the programme is expected to draw large crowds every day. These three days events designed to test gaming and coding skills of participants among others.

I congratulate the CCSIT and DCS for organizing the event well and appreciate the effort of the students and staff of the both CCSIT and DCS in making it happen.

Wishing the event all the best.

Prof.(Dr.) P MOHAN
Pro-Vice-Chancellor

Dr.LAJISH V.L

Chief Co-ordinator,CCSIT & Director
Computer Centre,University of Calicut

The technical event INSIGHT 2K18 intends to address recent advances tied with Computer Science and IT. It will bring the eminent academicians, researchers, industrialists, technocrats and government representative under one roof, to explore the new horizons of innovations. The focus area of this edition of Insight is COMPUTATIONAL INTELLIGENCE.

I deeply appreciate the effort by the student organisers for making successful editions of Insight(s) and also congratulate them for their resilience towards their goal of distinction in the academic.

I wish a great success for their venture.

Dr.LAJISH V.L
Chief Co-ordinator CCSIT & Director
Computer Centre, University of Calicut

INSIGHT 2K18

ABOUT US

INSIGHT, the technical fest hosted by the students of CCSIT of Calicut University and Department of Computer Science, is a celebration of intelligence and knowledge combined to forge a new world of technology. It provides a platform for the students to explore and enhance their technical skills and also bestows opportunity to endeavour beyond the monotonous academic curriculum. The new edition of INSIGHT allure's the upcoming generation with the perception of Artificial Intelligence and Robotics. This jubilee puts forth a rostrum for 4000+ students from different colleges to participate seminars, exhibitions, workshops, technical and cultural events. To this gathering we extend our warm welcome to participate and enjoy the events.

INSIGHT 2K18 VENUE

University of Calicut, the largest University in Kerala, aims to nurture excellence in education and research. The University lays its emphasis on fostering quality human resource and promoting productive research that benefit both local communities and wider humanity.

CCSIT FAMILY

A family of CCSIT is a group of University off-campus centres which offers MCA, M.Sc Computer Science, BSc IT Programmes. There are 12 centres under CCSIT family which have almost 1100+ students. INSIGHT facilitates a platform for other CCSIT students to gather at the University campus and explore their capabilities.
